

Mathnado next meets a cow. He asks the cow if he wants to play. The cow agrees but fails the test.

Show the cow flying in the air and then landing upside down. A passing pickup truck can have a dialogue bubble - "Cows! We got cows!"

---

Are you brave enough to take Mathnado's test?

---

---

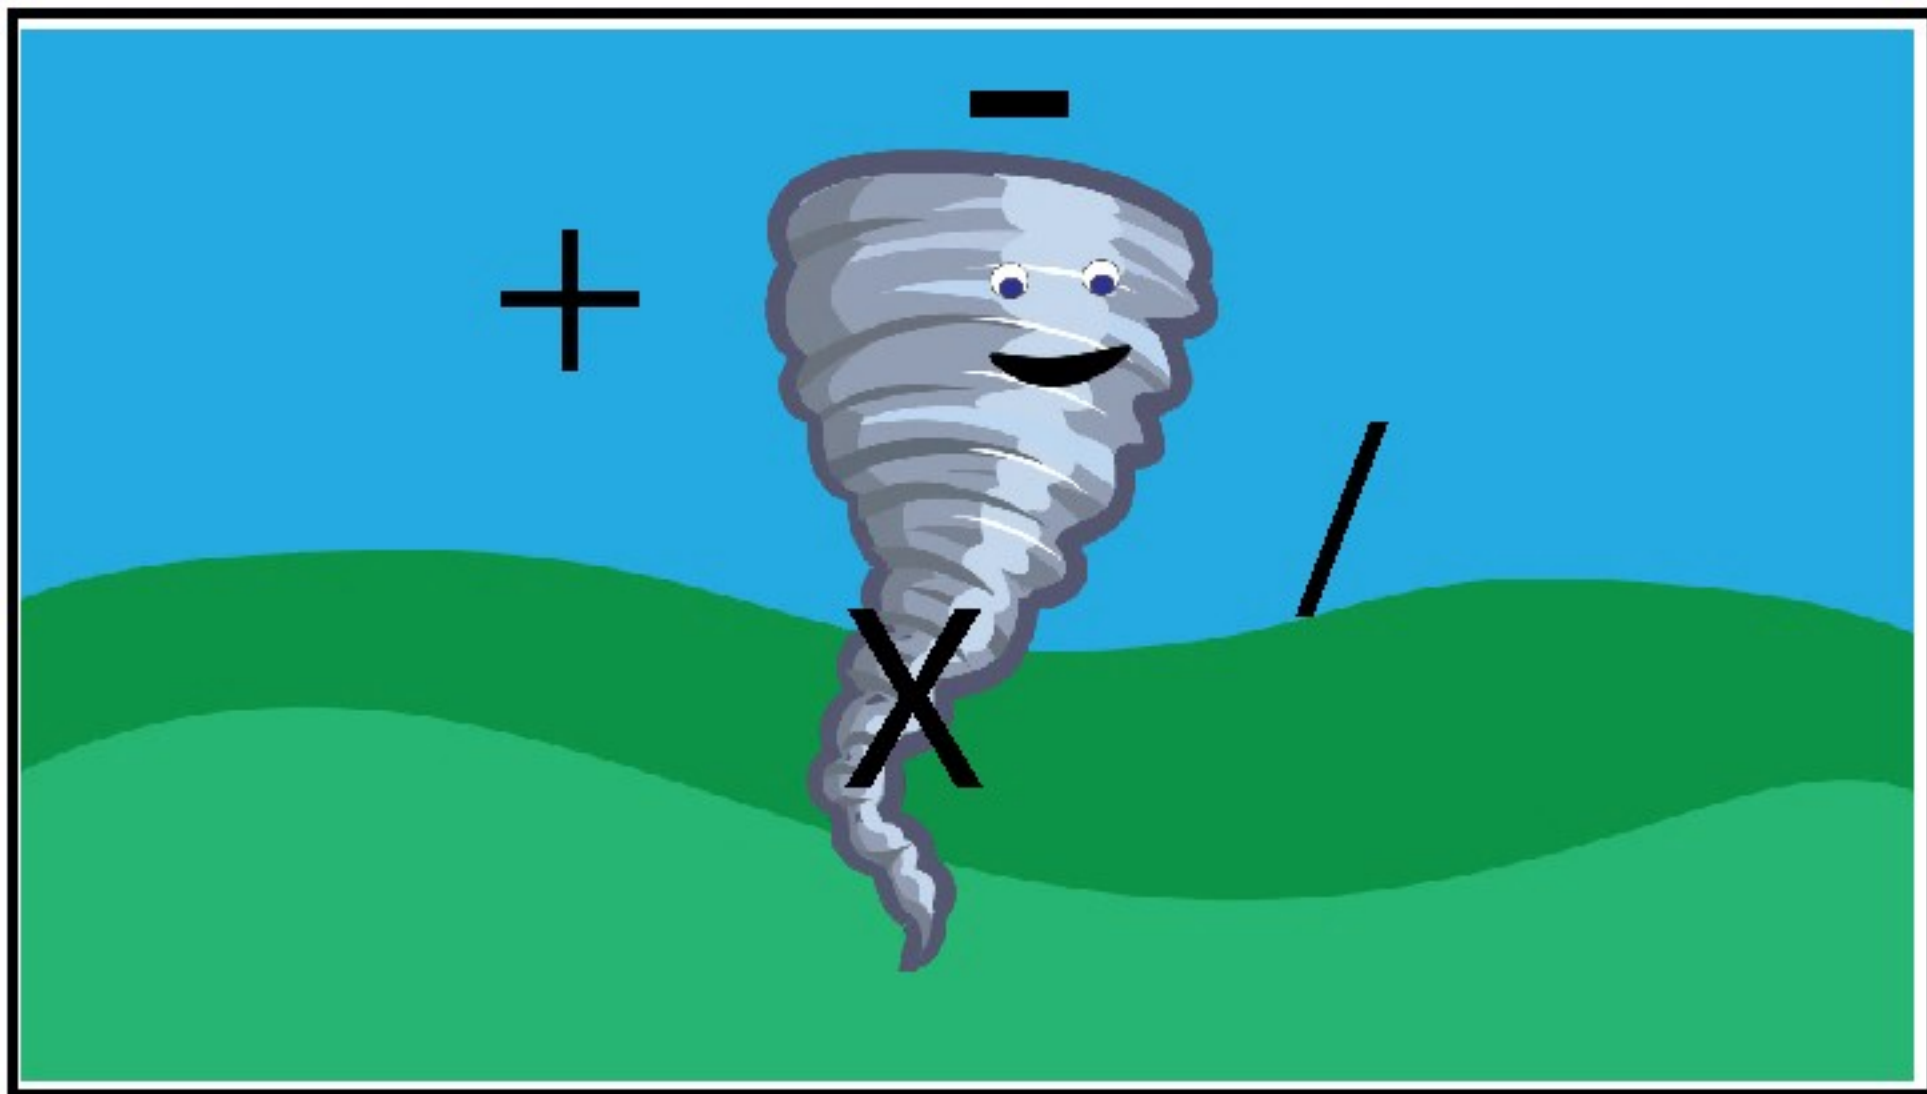

Mathnado moves towards the camera and fills the entire screen.

---

---

Go to Main Menu scene

---

This is Mathnado. He loves math.

Animated Mathnado twisting and bouncing

Scrolling background so that it appears that Mathnado is moving

Show math symbols flying around Mathnado.

As Mathnado travels around the world, he loves to test people on their math skills.

---

Show Mathnado meeting two people by a cottage.

---

---

Would you like to take my math challenge? If you win, you'll get a prize. If you lose, I'll throw you and your cottage all over the place. You'll get very dizzy and who knows where you will end up?

---

---

The children agree to play and they win.

Show the children answering math questions

Mathnado give them a prize.
